FOR IMMEDIATE RELEASE

3Dot Technologies Inc. Joins PAVSC as Impact Level Partner

The Professional Audio Visual Society of Canada (PAVSC) is pleased to welcome 3Dot Technologies Inc. as its latest Impact Level Partner, further strengthening the society's mission to build an inclusive and forward-thinking AV community across the country.

"We believe our industry thrives when it embraces diversity of thought, skill, and perspective," says Dave Muscat, Co-Founder and Partner at 3Dot Technologies Inc. "We're proud to join PAVSC in its commitment to inclusion and to support programs that open doors for more professionals to make a difference in Canadian AV."

Based in Burlington, Ontario, 3Dot Technologies is a dynamic, consultative based, distribution firm known for its creative problem-solving and collaborative approach to Videowall and Control room AV design and supply. Their team specializes in helping clients navigate complex technical challenges with innovative solutions that prioritize accessibility, scalability, and long-term value.

"Having growing organizations like 3Dot Technologies recognize and support PAVSC's mission is a clear sign that our efforts are addressing important needs," shares Greg Rushton, Chair of the Board, PAVSC. "Their partnership strengthens our ability to deliver meaningful initiatives that help create a more connected and diverse AV industry in Canada."

PAVSC welcomes individuals and organizations from any sector of Canadian AV to join as a member or partner and support its mission of enhancing the future of our industry.
