FOR IMMEDIATE RELEASE

Melitron Digital Signage Joins Professional Audio Visual Society of Canada as Impact Level Partner

The Professional Audio Visual Society of Canada (PAVSC) is proud to announce Melitron Digital Signage as its newest Impact Level Partner, reinforcing the society's mission to unite, support, and elevate AV professionals across the country.

Headquartered in Guelph, Ontario, Melitron is a leading designer and manufacturer of indoor and outdoor digital signage kiosk solutions designed for a range of real-time information, self-service, and AI-enabled applications. Known for its innovation and quality, Melitron Digital Signage supports corporate, retail, higher education, and public sector environments, among others, and serves some of the most recognized brands in Canada.

"We're proud to join PAVSC and contribute to the growth and success of Canada's AV industry," said Louise McMullen, Director of Digital Signage at Melitron. "By working together through innovation, education, and collaboration, we can build a stronger future for AV professionals and the organizations that they serve."

"Melitron brings a proven track record of innovation to Canada's digital signage and AV landscape," says Gregory Rushton, Chair of the Board of Directors, PAVSC. "Their expertise will be a valuable addition to our membership. We're excited to welcome them as an Impact Level Partner."

PAVSC continues to grow its national community of integrators, consultants, manufacturers, distributors, and AV professionals dedicated to excellence, inclusion, and innovation in the AV field.
